

EDUCATION

University of Maryland - Baltimore County, *B.S. in Information Systems* | Baltimore, MD

Sep 2022 – May 2026

- **GPA: 3.836 | Relevant Coursework:** Software and Hardware Concepts, Introduction to Data Science, Programming I&II, Management of Information Systems, Java Game Development, Finite Mathematics, Applied Calculus & Statistics, Database Design, Markup and Scripting Languages

WORK EXPERIENCE

Information Technology Intern – Constellation Energy, Baltimore, MD

Jun 2025 – Aug 2025

- Created an app development Lifecycle to assist IT teams with deployment by meeting up with various teams/departments to gather documentation and compliance standards.
- Retrieving devices from sites by working with the site managers and shipping labels to be sent back to headquarters.
- Helped create a Remediation Tracking Report for LOCK-IT security vulnerabilities exceptions by looking over logs in excel and converting it to a Pivot Chart.

Software Engineer Intern – 4S Silversword, Baltimore, MD

Aug 2023 – May 2024

- Led an AI-powered assistant using Python and Open API, enabling full conversational interaction and assistance. Using Github and integrated libraries such as pyttsx3, SpeechRecognition, pyautogui, and pygame.
- Delivered an advanced daily spending budget in Excel, utilizing VBA to streamline the backup of multiple spreadsheets to a separate database with a single click .
- Designed and implemented Excel-based project management tools, including Gantt Charts and Burndown Charts, to track progress, identify risks, and enhance decision-making. Collaborated with cross-functional teams to assess potential project risks, develop contingency plans, and ensure on-time project delivery.

Business Development Intern – Xeddy, Remote, USA

Sep 2023 – Aug 2024

- Streamlined workflows by integrating Zapier and Google Sheets to automate repetitive tasks, saving over 120 hours and improving operational efficiency.
- Facilitated the sign-up of 200+ students from universities including Johns Hopkins, UMD, Towson, and UMBC as beta test users, supported product testing and feedback collection.
- Collaborated with the CEO to develop a newsletter delivering key updates and meeting insights.

PROJECTS

Thrift Store Management System – Designed a structured IS database for thrift stores using SQL to track inventory, donors, suppliers, and transactions. Created an ER model in 3NF to ensure data integrity and seamless inventory flow.

2-D Java Processing Game – Designed and programmed an interactive life simulation game that allows players to step into the shoes of the main character. Implemented decision-based mechanics where choices impact the storyline. At the end of the semester, we presented our game to the class and to be judged by the professor.

Secure Credentials Manager – Implemented encryption features to enhance security such as regenerate keys, emails, password entities. Designed a user-friendly GUI using SceneBuilder for seamless interaction and functionality.

Wireless Network & Penetration Testing – Conducted penetration testing on wireless networks at my home using Kali Linux and Aircrack-NG, identifying security vulnerabilities in WEP, WPA, and WPA2 encryption. Executed deauthentication attacks, packet sniffing, and MAC address spoofing to assess network security and potential exploits.

Man-in-the-Middle (MITM) Attack Simulation – Implemented ARP Spoofing attacks using BetterCAP to intercept and manipulate network traffic between clients and routers. Developed custom spoofing scripts to automate MITM attack execution and data

AWARDS/CERTIFICATIONS

Professional Boomi Integration and Essentials

Jul 2025

Dean's List/President's List

2024-2025

CCNA: Enterprise Networking Security Automation

June 2021

SWRE: Switching, Routing, and Wireless Essentials

Feb 2021

Cisco Certified Technician

SKILLS: Python • Java • C++ • Linux • Windows • GIT • Excel • Markup • VMWare • GIT • Networks * SQL * Zapier * Film Production & Editing * Project Management * Communication * Multitasking * Agile * Problem Solving * Risk Assessment * Team Leadership
